

Dirt Bikes

Dirt Bikes is a cantankerous, impetuous four-piece from Brooklyn, NY. They fuse gutbucket primal scream, circular-saw riffs, sub-sonic Germanic low end, and a not-so-delicate blend of thump ‘n hump pocket. They are Richard Lehmann, on Howlin’ Wolf-style vocals and guitar, Ryan Montgomery, on fretted six-gun, Sergio Perez, on the beloved tubs of glory, and Meike Wagner, on low-end bombast. They released “The Ear EP”(produced and engineered by Sasha Von Agranov) last October. They’re currently working on a second release.
